

Duckie Deck

Duckie Deck creates a range of content aimed at children from websites and mobile applications, to workshops and events. An internship with Duckie Deck is a chance to gain experience, while working with experienced programmers and a creative team. We offer unlimited access to our knowledge base and experience, and work on existing, commercial products.

We can host one internship in our office in Kraków:

Mobile Developer (Android/ iOS)

Requirements:

- Good grasp of object-oriented programming
- Good familiarity with C++
- Willingness to learn new technologies
- Familiarity with GIT
- Familiarity with Cocos2dx framework will be advantageous

Internship programme:

The intern, together with their mentor, will be developing a mobile application in C++ and utilizing Cocos2dx.

Recruitment:

Please send your CV to matt@duckiedeck.com The interviews will be conducted via Skype/Google Hangout, or in person, if possible.
