

## **Grupa Warszawa**

Grupa Warszawa was established in 2008 with an opening of a café-bar, whose aim was to promote new culture and art. Inevitably this led to company growth towards gastronomy management and comprehensive event management. These days Grupa Warszawa runs various types of gastronomical venues - both seasonal and permanent - and aims to expand that portfolio.

Internship with Grupa Warszawa is a perfect opportunity to gain valuable experience and take part in challenging projects.
